

“UNLEASHING SPIRITUAL POWER”

Part 3

Ken Love

February 17, 2013

If spiritual power was necessary to see real life change in the people in your life, but it came at a price, would you pay it? How desperately do we want the Lord to move among us? The answer is found in our daily decisions!!!!

1. Families and kids are **at stake** and are lost as to what to do!
Mark 9:17
2. Significant spiritual power is only **released** to those who have a heart for others and who spend time with the Lord!
Mark 9:22, 29

Entering into the suffering of Christ is not just the hard times of life, everyone has those, it is **sacrifice** that costs us for others!

3. A key factor in spiritual warfare, battling for the future is **determination!**
Judges 1:27-36

The call: Let's give this week to fasting and prayer. Choose something to fast from at the beginning of Lent and give significant time asking the Lord to move among and through GR this next season.
